Very Dirty Stories

We wanted to share our favorite sex stories. The ones that broke out of the conventional erotica mold, shattered the limitations of casual romance and sex, and dove into detailed and realistic action involving stretching, large sex toy play, vaginal and anal fisting, domination, fantasy monster and animal dildo play, restraints and suspension, elaborate medical and DIY devices, and more. We did it bit by bit, discovering and learning as we went, and released volume after volume of two to five short stories to challenge readers to be sexually aroused by something truly intense or charmingly subtle. Very Dirty Stories volumes are about ladies that expose themselves and embrace their fears and desires as well as the men and women that inspire them to sexual peaks while living out wild sexual fantasies.

[Priya](#) - Priya is a candy seductress with a sly smile and eyes that melt her Master's heart. Wearing her stompy Demonica shoes, kitten topped stockings, and silver Cyberdog jumpsuit, pretty Priya enjoys slipping into her Master's arms and holding him close. It's not all roses and happy endings though, and when Priya and Max go through painful splits, the pretty Priya takes it out on her boyfriend, Alvin! Miez and Peter join her on adventures, and, even with expectations set low, it's still hard for Max to ignore Priya's sexy charms and warm hugs. The troubling question he needs to understand is why the delightful seductress seems so familiar and close to his heart.

Singles

We wanted to publish sexual adventures that were more than a one night stand. So we gathered together our favorite ladies and delightfully sexy themes and created Singles - longer collections of sexual stories that fit together to cover formative physical and psychological experiences that define her womanhood or establish a collection of deviant delights and

sexual alternatives. These trailblazing erotica books go deeper, harder, faster, and expose the soft white underbelly of sensual need while delivering thrust after thrust of sexual intensity and the soothing pleasures of passionate affection. Explore the explicit erogenous zones of women and their sexual partners. Be prepared for sexually challenging situations as well as character details that get beyond height, weight, hair colour, and favorite size of dildo. Plunge into their stories and get wet. Singles also make great gifts for that secret someone who needs a sexual swift kick in the nuts or a perverse surprise stashed for long trips and evenings in.

[Cherish Desire Singles: "Her Boyfriend's Submission \(The Complete Six Part Series\)" featuring Priya](#)

Her Master won't allow someone to get between his precious Priya and her perverse pleasures! Her boyfriend doesn't seem to know when to mind his own business, and keeping all her sex toys hidden makes it far too easy to put off satisfying her lusty urges. Max's twisted suggestions take root within Priya's frustration, and she begins to insist on taking pleasure from her boyfriend since he finishes too fast to provide her with a proper climatic peak. Thus begins Alvin's steady submission to Priya's dominant urges as he struggles to accept his place on his belly beneath her. Will the ball gag, arm binder, and thick anal plugs be enough for Priya to show Alvin she means business? Find out!

Divinations

Cherish Desire Divinations erotica delves into darkness. Lusty shapeshifters, impassioned spirits, dangerous players, and perverse pagan deities beckon with sordid promises and unseemly urges. Their intense passions expose their bestial and heavenly natures while emphasizing how closely they represent unfettered hunger, cunning, love, and wickedness. Divinations was born of fevered imaginations and sexual abandonment that left us aching, bruised, and hoping for more. Divination books are collections of erotic stories that go deep and explore psycho-sexuality as well as physical modifications suited to the nearly immortal. The limited disguise of humanity has been stripped away, and the results are animalistic sexual rituals and self-enlightened spirituality that arouse jaded desires for more.

Cherish Desire apologizes in advance for exposing the true nature of shapeshifters and the transcendent hungers that lurk behind every door and under every bed.

[Cherish Desire Divinations: "The Lioness \(The Complete Four Part Series\) featuring Heather"](#)

Discover the hidden war between the shapeshifters as they seek shelter from threats that they can feel looming closer each day. Erik knows he's different. He knows that he can see through the outward display of his London lioness' casual sexuality. What he doesn't know is where he can hide. Winter Solstice is coming and his own kind are hunting for him. This time he hopes to escape with his lioness and rekindle a romance with a fiery fox in Hamburg. It all goes sideways when he's attacked. Violently interrupting his holidays, the bears have made a mistake that they will regret. And his sexy lioness and his fire elemental ally will make all the difference after uniting through their sexual hungers and sharing their strength with the lone bear. Adler and Ilsa's Hamburg stronghold will never be the same.

Very Wicked Dirty Stories

The darkness of desires are shadows always encircling the hope of fulfillment and pleasure. These are the twisted realities fueled by the uninhibited passions and beliefs of the few. Their sexual urges, their powerful alliances, and their willingness to defend their own as well as to strike out and forcefully embrace what they require. ~~Very~~ Wicked Dirty Stories hint at the unobserved and strange frayed edges of reality that we like to censor or ignore. Ghosts, shapeshifters, and great powers linger just beyond the firelight while watching humanity sleep.

Accompanying the passionate chorus like candle flames flickering along the aisles, Cherish Desire ~~Very~~ Wicked Dirty Stories expose souls that haunt the divine and the fallen. There's much more than meets the eye as monstrous desires and vast lineages collide in a constant struggle to change the world. Get a glimpse into the lives and passions of the shadows that writhe and beckon for true fulfillment and satisfaction.

[Very Wicked Dirty Stories #133](#) - Stories of the wulf - a man not to be taken lightly even by those descended from lineages of power like Victoria or accustomed to brokering corporate espionage.

[Very Wicked Dirty Stories #139](#) - Stories of the wulf and the lioness - the hunters do best hunting though they sometimes catch the unexpected, like Victoria, or the unprepared.

[Very Wicked Dirty Stories #141](#) - Stories of the wulf, the lioness, the ravens, and the bears - passion and destruction are unavoidable when their purposes seek both mundane pleasures and their place in the world.

[Very Wicked Dirty Stories #147](#) - Stories of the wulf, the lioness, and the ravens - the pursuit of fulfillment is just as real but takes on awesome consequences when there are no limits.

[Very Wicked Dirty Stories #165](#) - Stories of the wulf, damnation, and faith - the truth hides in the cracks within the borders of safe, sane, and consensual reality.

[Very Wicked Dirty Stories #169](#) - Stories of the wulf and wulf hearts - the alien urges of otherworldly desires are temptations for the wulf, but a wulf has matters of the heart and mind to take care of for his precious chosen ones.

[Very Wicked Dirty Stories #175](#) - Stories of the hunt for prey - inspired by hungers that are never satisfied, the lioness, raven, and vampress all have one thing in common: the need to feed their passions.

So very sore as his reminder slips into me. Tasting the sweet orange juice on his lips, a kiss before he forces his way between my thighs, and then my Master reminds me of everything I've promised. The plug in my bottom rocks with each thrust. His strong hands hold me in place. My short fingernails can barely hold onto his muscular back as I gasp for more. His reminder keeps me aroused, and if I could catch my breath then I'd plead with him to never let me forget. With one arm cradling my back, his hand takes my throat, and I breathlessly whisper to him how to dominate me completely.

My hair tangles in the pile of pillows behind my head as I arch my back so his reminder can slip even deeper into my aching desire. I feel bruised and wet, and I know that I'll be walking around my swollen labia all night. I know he loves it. Loves me. He reminds me of how much as my pulse becomes a throbbing with my forehead while my lungs are burning for air. He is doing as I asked him to. He is unleashing just enough of his inner beast to make me tremble while his strength surrounds me. His reminder is all I need as the shadows close my eyes, and there is nothing but my lust and dark desires to fill my empty chest.

I am lost with only the sense of his hand on my throat to guide me back to physicality. I am drifting with only the hammering of my heart to measure time. I am utterly freed by my acceptance of my slutty sexuality and completely restrained by my perverse seduction of my own lusty urges. I am in need; I am fulfilled. My Master wants so desperately to be within this dark place with me, but I am a brat and I deny him entry. His reminder is enough. My breasts are heaving with the powerful thrusts that breach the potent reservoirs of my sexuality. I wake to my Master's hunger, and my clenching grip dares him to try and hold back the darkness that only I can take from him.

The light is too bright so I keep my eyes squeezed shut. The wet sound of my welcome suckling of my Master's swollen desire echoes in the space around us. The bedsheets are moist and individual threads scratch at my face. I'm on my belly, my preferred position, and I don't remember being turned over. There is a discontinuity in my sense of events, and it makes my heart leap as I force myself to breathe deeper. I have no idea how long I was in the dark embrace of my desires, nor how many times my Master has pushed me back into the shadows to appease his disappointment as I continue to lock him out of my special place. Smiling tugs on my lips and I know what I want now.

My Master senses my lust and kneels between my thighs after a final lunge into the pooled nectar of my passions. He moves around me, standing beside the bed, and patiently guides my head and shoulders to slip sideways across the pillows and sheets. My lips are cool and dry as he thrusts into my mouth, and my tongue caresses my Master while I breathe deep and savour my scent and juices. I will him to grip my head in his hands, and his strong fingers stroke my temples while his shuddering pleasure presses into the top of my throat. My Master's reminder forces me to swallow him, to tingle with the thrills of being so openly used, and I strain to push my nose into his pelvis while exploiting his compromise for my pleasure.

The familiar shadows gather while he lingers within my throat. My lungs start to seize, anticipating the struggle for air, and I try to pull back. The base of his palms press into my jaw

as my Master holds me in place. This is intentional. This is what I asked for just provided in a different manner. My throat is sore from my rasping attempts to draw air through my nostrils only to discover I cannot challenge his deliberate choice by swallowing hard. With unquestionable strength, my Master plunges me back into my favorite darkness without a single word.

Choking and heaving, I claw at the sheets while fingers woven through my hair draw back my head. His thrusts are powerful enough to be heard smacking into my pale bottom while his reminder surges into my wetness. There's no denying the moist kisses of my shaved labia as they encourage my Master to drive deep into my sex. Every breath is scented with my sweet juices and my tongue is slick with my lust and sexual need. He's whispering something, but I choose not to hear him. Temples throbbing, heart racing, lungs on fire... all I want is more and at the same time I know how satisfied I am already.

His hand lifts me up so there is no barrier between his intense need and my willing submission. My thighs are pushed so far apart that my hips ache while my Master forces me to straddle his legs and press my swollen and sore labia against the firm, flat surface of his pelvis. I have to push against the mattress to support the weight of my body as he pounds into dark hollows within my belly with unrelenting strength. The surging motion surprises me with fluttering contractions and then fresh heat erupts within my sex and bathes my Master's potency with sudden pleasure. He keeps going, gently lowering me down and slowing his rhythm, until I am on my belly and his powerful body has fit into my soft curves.

Fingertips caress my cheek, pushing back my hair, and he kisses the exposed side of my face. He wants to ask if I enjoyed this, but he doesn't want to disrupt the stillness that we are sharing. We breathe together as one with his body carefully balanced so he isn't crushing me. My lips are still slippery with my juices when my Master traces the soft curve of them. He lets us slip into waking quiet without saying anything at all. He doesn't need to tell me what he wants.

His reminder is buried inside of me.
